

FretVision

AI-Powered Guitar Learning · See Every Note

Stop Guessing. Start Playing.

FretVision projects real-time light guides directly onto your guitar fretboard. Learn chords, scales, and songs with AI feedback — no lessons required.

WHY FRETVISION?

■ Real-Time Fretboard Projection

Precision dots guide your fingers to the right position instantly.

■ AI Practice Coach

Gets smarter every session — adapts to your speed, accuracy, and goals.

■ 10,000+ Song Library

From beginner chords to advanced solos, every genre covered.

■ Works With Any Guitar

Acoustic, electric, or classical. No modifications needed.
